

### **Basic Map Skills**

---

- Finding and Measuring Distance

---

---

---

---

---

---

---

---

### **Determine Distance**

---

---

---

---

---

---

---

---

### **Determine Distance**

- Straight Line
  - Use edge of paper and mark distance between points
  - Line paper up next to scale to determine distance
- Road Distance
  - Break curve into series of straight lines and measure from curve to curve
  - Line paper up next to scale to determine distance

---

---

---

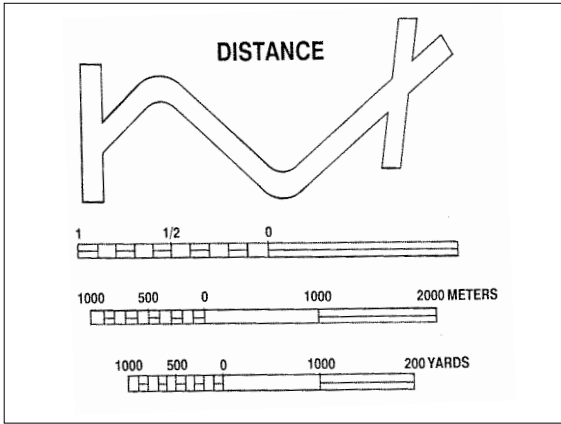

---

---

---

---

---

---

---

---

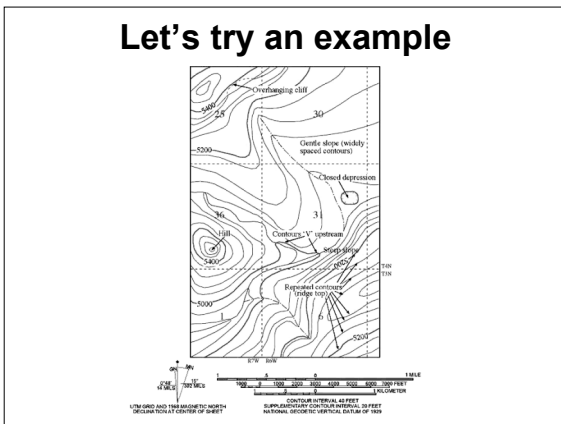

---

---

---

---

---

---

---

---

---

---

---

---

---

**Determine the distances in feet AND miles between these pairs of points**

- A and B
- B and C
- C and D
- A and C
- A and D
- B and D

---
