

COMMUNITY SERVICE

Who? What? When? Where? Why?

Who should do community service?

- All people on Earth are part of a global community.
- We all have an obligation to help those less fortunate than us and to help make our world a better place.

What is Community Service?

- It can be such things as painting out graffiti, visiting the sick and homebound, helping with a charitable organization such as the Red Cross, Cancer Society or United Way, or anything that helps make the world around you better.
- It can be local or more global in scope.

When should we serve?

- We should start serving at a young age (like now) and continue serving throughout our lives.
- We should never stop being of service to others.

Where can we serve?

- Your school counselor has info on community service opportunities
- The internet and local library are other sources
- Convalescent homes, hospitals, social service agencies, homeless shelters, churches, national agencies to end diseases and afflictions such as cancer and AIDS -- all are great places
- You can even start your own!
