Marching

Down By the River

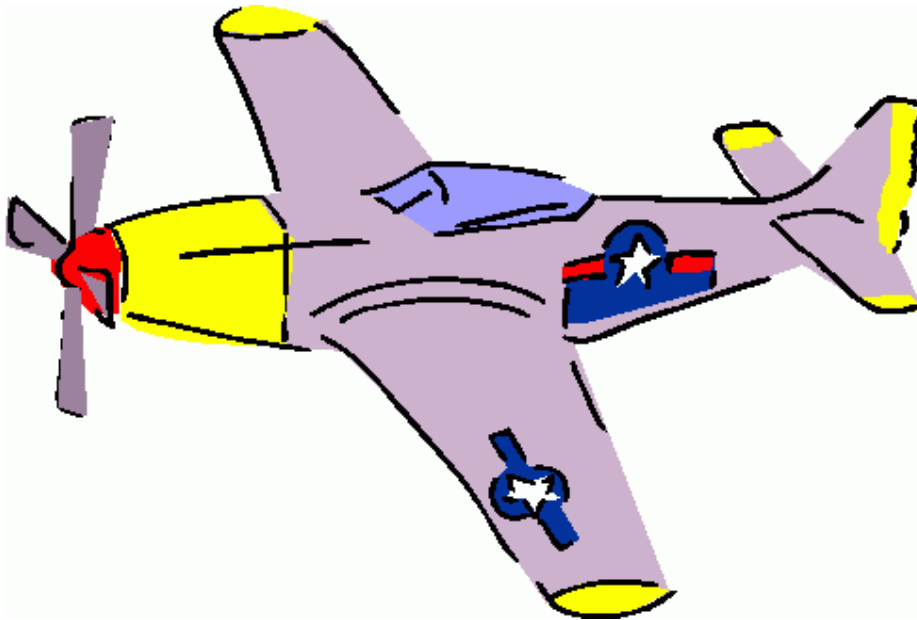

Down by the River
I took a little walk
Ran into (unit)
We had a little talk
I didn't like their attitude
Didn't like the way they walked
So I pushed em
I shoved em
I threw them in the river
Laughed as they drowned
We don't neet no (unit)
Hanging around

Chorus
Heyyy, don't be a fool
Somebody said we're number two
We're number one
Noooo, not number five
Not number four, number three, number
two
We're number one

Running

Big Iron Bird

Soldier! Soldier! Have you heard?
I'm gonna jump from a big iron bird
Up in the mornin' in the drizzlin' rain
I packed my chute and boarded the plane
It rained so hard that I couldn't see
Jumpmaster said you can depend on me
I looked with fear at the open door
Then I stood up and I fainted on the floor
When I woke up I was hooked up again
And that is when I fainted again
